

Georgia State Rail Plan

Stakeholder Meetings

January 2020

Dear Stakeholder:

The Georgia Department of Transportation is currently updating the Georgia State Rail Plan. Georgia's rail system is a vital component of Georgia's thriving economy by safely connecting industries, ports and people. The Plan includes a description of the state's existing freight and passenger rail network, rail's transportation and economic benefits and needs, and a program of needed investments for the rail system through 2050.

As a key stakeholder, we would like to invite you to participate in our Regional Stakeholder Workshops. These workshops will be held in three locations throughout the state to collect your input on the Plan's goals and objectives, needs and opportunities, and funding priorities for freight and passenger rail. You may select one or more meetings to participate in depending on your location and interest. Please feel free to provide this meeting information to others who may have interest in the Plan. The meeting details are listed below:

January 28, 2020

1:30 – 3:30 pm
Macon Terminal Station
Morris Cohen Room
4th floor
200 Cherry St.
Macon, GA 31201

January 29, 2020

9:30 – 11:30am
GDOT Northeast District
Headquarters (District 1)
Room 209
1475 Jesse Jewell Pkwy NE
Gainesville, GA 30501

January 30, 2020

1:30 – 3:30 pm
Georgia Ports Authority
Port Police Auditorium
102 Main Street – Annex 2
Garden City, GA 31408

Please RSVP for the meetings you would like to attend by emailing:
Ashley Finch at AFinch@dot.ga.gov by **January 14, 2019**.

Thank you and hope to see you at the Regional Stakeholder Workshops!
